INTRODUCTION

*I*N SENDING out this, our Annual Catalog, we wish to heartily thank all our patrons who have favored us in the past. We would especially call your attention to our new offerings for this year and also to those of former years. It is a great satisfaction to us to know that our introductions keep well in the front and become favorites among Dahlia growers.

Again thanking you for past favors and assuring you prompt and efficient service.

General Information

ORDER EARLY

STOCK of some of the varieties is limited, so to avoid disappointment please order early. All orders will be filled strictly in rotation, stock will be reserved, as the orders are received, and shipped at the time desired.

ROOTS

All orders for roots will be filled with strong divisions of field grown roots.

GUARANTEE

While we exercise every care in the filling of orders for roots and only send out what we honestly think will grow, we do not guarantee any root that is shipped before March 15th. After that date roots will be guaranteed, and will be replaced free of charge if they should prove blind. Many of the failures with plants and roots are due to causes entirely beyond our control, such as weather, or soil conditions, bad planting, etc., and while we take the greatest care to send out only stock which will produce satisfactory results, we cannot be held responsible for failure.

We also exercise the greatest care to have all stock true to name, but should any of them prove otherwise, it is mutually agreed between the purchaser and ourselves, that we shall not be held liable for a greater amount than the original purchase price of the stock.

TERMS

Cash or satisfactory reference before shipment. 30 days from date of invoice to those who have established credit with us.

POSTAGE

All retail orders amounting to \$1.00 or over will be delivered prepaid; on orders for less than \$1.00, 25 cents should be added to cover postage.

Wholesale orders, packing charges, and postage at cost.

CLUB ORDERS

In order to get the best discount we welcome club orders and will make direct shipment to any member of such club, for instance, two or three of your friends can make up an order and if the total of such order is \$50.00, the discount would be 20 % and each order would be filled separately and shipped as an individual order.

Note—An additional discount of 5 % will be given when cash accompanies the order.

The above discounts only apply to Dahlias, the prices on all other goods are net.

GREEN PLANTS

I have made a specialty of green plants for several years, know how to grow them and how to pack them, and will guarantee safe delivery to any destination within three days' journey from here.

Should they not arrive in good condition, I will either replace them or cheerfully refund the money.

TIME FOR PLANTS

I will ship plants any time desired after May 1st, but recommend from May 20th to June 20th as being the best.

Inspector's certificate accompanies each shipment

CAPTAIN COSTE

Waite's Gardens New Introductions for 1931

CAPTAIN COSTE (Curran) *Informal Decorative*

This Dahlia is easily one of the best new Dahlias of the year. It is an exhibition flower of the type that we only see every few years. The flowers are always large and bold. Many going over 12 inches. The stems are very stout and the large flowers are borne on the side and well above the foliage. The color is clear empire yellow and looks yellow under artificial light. It is a strong and vigorous grower and has the most robust foliage that I ever saw on a yellow variety.

Plants only, \$7.50

JERSEY'S HARMONY

JERSEY'S BUTTERCUP (Waite's Gardens) *Formal Decorative*

The color of this Dahlia is picric yellow throughout September, but earlier in the season the outer florets are tinged with amber. It makes a wide spreading bush and is covered with bloom throughout the whole season. It was greatly admired the past season. This Dahlia is not a large variety but can be grown to good size if kept disbudded. It is a good cut flower variety cutting an armful of it at one time, and the stems are slender and stiff, and just right for vase work.

Roots \$10.00, Plants \$5.00

JERSEY'S HARMONY (Waite's Gardens) *Formal Decorative*

This is a very free flowering variety and possibly better for the garden than the exhibition table. The color is blush shading to white in the center and the florets when opening are streaked with amaranth pink. It is not a tall grower and the large bushes are laden with flowers. The foliage is clean and glossy and the flower stem very stiff.

Roots \$5.00, Plants \$2.50

JERSEY'S METEOR (Waite's Gardens) *Formal Decorative*

A strong, vigorous grower of the Jersey's Beacon type of which it is a seedling and very much like the parent except in the color which is light salmon orange. Strong, robust foliage and a splendid exhibition flower of practically a new shade. The stem is good and holds the bloom erect.

Roots \$10.00, Plants \$5.00

ANTARTICA

Waite's Gardens Former Introductions

ANTARTICA (MacDonald) *Formal Decorative*

This is a pure white of large size, very free flowering, with an excellent habit of growth. The long, sturdy stems carry the flowers erect at all times. For a white, the foliage is exceptionally rugged and healthy, and both an exhibition and cut flower variety. It is an acquisition.

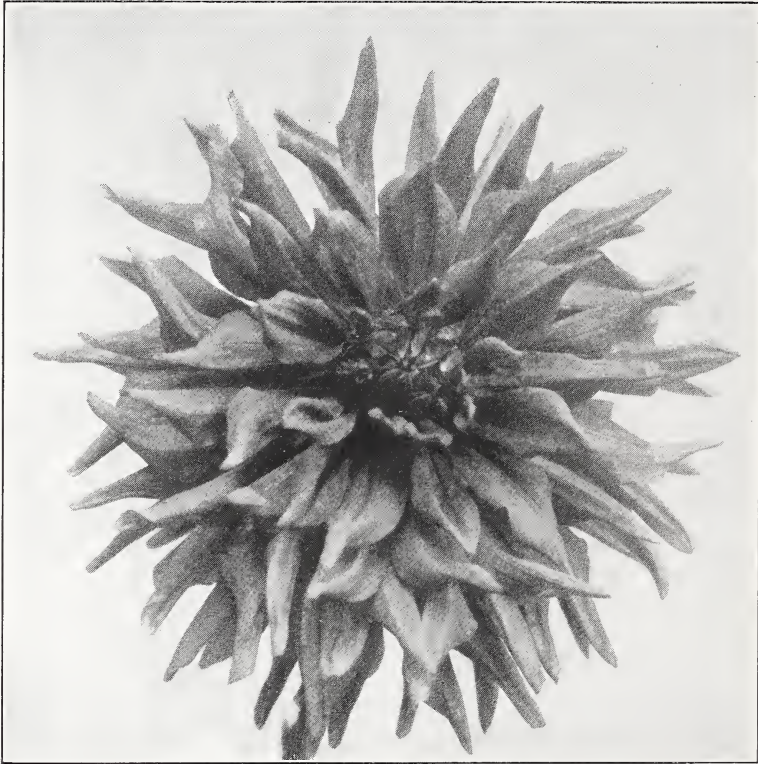

Roots \$7.50, Plants \$3.75

JERSEY'S BEACON *Formal Decorative*

This Dahlia has become a universal favorite. As an exhibition flower, it has few equals in its color, but as a garden variety it is even more spectacular. The color is Chinese scarlet, with a paler reverse, giving it a two-toned effect. The flowers are large and globular in shape; it is a vigorous grower and has splendid insect-resisting foliage.

Roots \$1.00, Plants 50c.

JEAN TRIMBEE

JEAN TRIMBEE (Trimbee) *Semi-Cactus*

This beautiful variety is a native of Canada, having been raised by Mr. Trimbee of Lambton Mills, and exhibited at Toronto for the past two years. The flowers are very large, many over 12 inches, and a beautiful rich Petunia violet in color. It has a strong, vigorous habit and the large, attractive flowers are produced very freely. It was easily one of the most outstanding varieties in my exhibition garden the past year, and we feel highly honored at being asked to introduce so unusual and outstanding variety.

Roots \$10.00, Plants \$5.00

JERSEY'S GLORY

JERSEY'S GLORY *Formal Decorative*

The flowers are large and of good form, well placed on the stem. The color is best described as a yellow hue of orange. The stems are long and stiff, but sometimes arch gracefully. It is a robust grower and the flowers are produced very freely; the leaves, thick and leathery in texture. The long stems branch freely from the base and the stems may be cut as long as that of Jersey's Beauty.

Roots \$5.00, Plants \$2.50

JERSEY'S BEAUTY *Formal Decorative*

The most popular Dahlia in commerce today. A glorious flower of eosine pink—a color difficult to adequately describe. As a cut flower or for exhibition it is unrivaled. Fine stems and foliage. **Roots 75c., Plants 50c.**

JERSEY'S DAYBREAK

Formal Decorative

Hermosa pink shading to creamy yellow in the center. Flowers of medium size, splendid formation, holding the pointed center well to the last. The stems are as rigid as canes and foliage is of leathery texture. Very much admired by all visitors.

Roots \$3.00

Plants \$1.50

JERSEY'S MASTERPIECE

Informal Decorative

Strawberry pink suffused gold at base of the florets. This is a bold and upstanding variety, possessing all the attributes of an exhibition variety. The stems are strong and stiff and the foliage is thick in texture.

Roots \$3.00

Plants \$1.50

JERSEY'S BEAUTY

The finest pink Dahlia in existence

JERSEY'S MAMMOTH *Semi-Cactus*

Huge flowers of rich golden mahogany. Truly a monster and recommended only to those who want the very largest blooms. **Roots \$1.25, Plants 65c.**

JERSEY'S RADIANT *Semi-Cactus*

Large flowers of Bittersweet orange. Long, stiff stems. Very attractive and a great favorite. **Roots 75c., Plants 50c.**

JERSEY'S SOVEREIGN *Formal Decorative*

An indescribable shade of salmon orange. Vigorous grower. Dark foliage. **Roots 75c., Plants 50c.**

JERSEY'S TRIUMPH

JERSEY'S TRIUMPH (Waite) *Formal Decorative*

Ever since we introduced Jersey's Beauty we have been looking for another Dahlia that had the same habit, and out of the thousands of seedlings that we have raised, this is the only one that has ever shown the same habit. There are sports from Jersey's Beauty that of course have the same habit, but this is a seedling from the same parents and is identical with Jersey's Beauty in habit and growth that they cannot be distinguished apart before they bloom. The color, however, is entirely different and is a real Autumn shade of bright copper flushed with salmon bronze. We predict a great future for this variety as a cut flower, as there is nothing just like it in the long-stemmed Dahlia.

Roots \$7.50, Plants \$3.75

KATHERINE COLE (McDowell) *Formal Decorative*

At 1929 New York Show this beautiful Dahlia was shown under number and won the Darnell Cup for the best keeping variety. In color it is a beautiful combination of light pink and cream. The tips of the petals are pink, shading to cream, with a pink center. Imagining an Eagle Rock Beauty on a Jersey's Beauty stem would give one a fair idea of the beauty of this flower. The stems are long and stiff, yet not thick, and the flower is always looking you in the eye. The foliage is thick and healthy and, above all, it is a free bloomer.

Roots \$10.00, Plants \$5.00

MABEL S. DOUGLAS

MABEL S. DOUGLAS (Thompson) *Informal Decorative*

This is one of the largest of the new Dahlias and came near being the sensation of the New York Show, where it won first in one of the seedling classes. In color it is clear pastel lavender. It is a large flower and might easily become popular for the largest bloom classes, as it is one of those flowers that will measure much larger than it looks, on account of the graceful curl of the long petals. Exceptionally good, and the foliage and habit of growth are excellent.

Roots \$10.00, Plants \$5.00

TARRYTOWN

TARRYTOWN (MacDonald) *Informal Decorative*

This is a splendid new variety that I have been fortunate in securing. I saw this variety at several shows for the past two years and always admired it. It was awarded a Certificate of Merit at the Westchester and Fairfield Horticultural Society Show, scoring 89 points. It was in good company, as this is a show where only an expert can win. In color it is principally bronze, shading darker toward the edges of the large broad petals. It is an excellent grower with heavy texture foliage. The stems are strong and hold the finely formed flowers well up above the foliage.

Roots \$7.50, Plants \$3.75

YELLOW BEAUTY (Wood) *Formal Decorative*

This splendid new yellow Decorative will, I predict, be in the yellow class, what Jersey's Beauty is in the pink. This Dahlia while primarily a commercial Dahlia, yet can be grown to exhibition size. I have seen many 9 inches across and from 4 to 5 inches in depth. It has the long, free branching habit of its parent Jersey's Beauty, and a plant pinched once or twice can carry eight to twelve perfect flowers, none less than 6 inches. The stems are more slender than Jersey's Beauty, yet always stiff, holding the flowers erect and at a proper angle for vase work.

Roots \$5.00, Plants \$2.50

Select Varieties from Other Sources

ALICE WHITTIER (Reed)

Semi-Cactus

This splendid variety from Massachusetts is indeed an acquisition. The color is a very delicate shade of primrose yellow. The flowers are immense in size for a Cactus and the stems are good. This variety had the honor to win for the best bloom in the show at San Francisco, a distinction that few, if any, eastern varieties have heretofore won.

Roots \$1.00, Plants 50c.

AMBASSADOR (Broomall)

Cactus

Soft yellow buff, shaded pink. Still one of the best Dahlias.

Roots \$1.00, Plants 50c.

AMERICAN TRIUMPH

(Nuneviller)

Incurved Cactus

Large incurved flower of bright clear rich red. Perfect stems.

Roots \$7.50, Plants \$3.75

ANDREA ERICSON

(Fisher & Masson)

Informal Decorative

This is a splendid new fluffy white. The flowers are large and produced on excellent stems. In appearance it looks like a pure white Fort Monmouth.

Roots \$10.00, Plants \$5.00

ASBURY PARK (Wood)

Formal Decorative

This is a very large and vigorous growing variety. It is no trouble to get 12 inch flowers, even when undisbudded it is over 10 inches. The color is a light coral pink and is one shade throughout the entire flower. I saw many plants with from 5 to 7 blooms open at one time, all over 10 inches. It won many prizes the past two seasons and scored 95 in a rigorous test. The stems are as stiff as a rod and the blooms are usually produced at a pleasing angle to the stem. The past year it was grown under field culture without a spray of any kind, no insect seemed to like its tough foliage.

Roots \$15.00, Plants \$7.50

ARTHUR W. HYDE (Mastick)

Informal Decorative

This a large flower with broad petals loosely arranged. The color is called Orchid pink with a reverse of Burgundy. Stems are strong and supports the large bloom erect.

Plants only, \$5.00

BARBARA REDFERN (Redfern)

Informal Decorative

Burnished copper shading to gold with a suffusion of salmon. Good stems and foliage.

Roots \$2.00, Plants \$1.00

BETTY IVINS (F. & M.)

Formal Decorative

Color rich salmon, overlaid with an amber glow, showing a rosy pink reverse. Stems stiff and long.

Roots \$3.00, Plants \$1.50

CHARLOTTE LA FRENZ (Seal)

Formal Decorative

Bright gold in center shading to a rich apricot in the outer petals. The flower is held high on a long, stiff stem above the foliage.

Roots \$3.00, Plants \$1.50

CHEMARS EUREKA (Chemar)

Formal Decorative

This is a splendid new variety. Ideal in form and stem. It is almost pure white, the tips of the center petals being lavender.

Roots \$5.00, Plants \$2.50

COLOR SARGEANT

(Lyndora Gardens)

Informal Decorative

Rich, deep salmony bronze flowers of large size. Perfect stems and clean, upright grower.

Roots \$3.50, Plants \$1.25

DERRIL W. HART (Broomall)

Formal Decorative

Capucine yellow shading to grenadine red; in cool weather almost copper color. The large, well formed flowers of this variety are held erect on fine stems.

Roots \$7.50, Plants \$3.75

D. J. SANDT (V. & M.)*Informal Decorative*

The color of the Dahlia is reddish orange striped and splashed blood red, with a suggestion of rose violet on the reverse petals. The petals curve outward, twisting at the points. The stems are excellent and the very large flowers cover the bushes from early August to frost.

Roots \$7.50, Plants \$3.75**DOROTHY STONE (F. & M.)***Formal Decorative*

This is a beautiful rose pink Decorative that was a rival for Kathleen Norris last year. We know many that prefer this variety. We have had the pleasure of growing it and it is a splendid grower. The foliage being tough and leathery in texture. The stems are good and the large blooms are produced quite freely.

Roots \$7.50, Plants \$3.75**DR. JOHN CARMAN (Dixon)***Formal Decorative*

This is an exceptionally strong and vigorous grower. The flowers are large and almost a true American Beauty Rose in color. The stems are excellent and the foliage strong and tough.

Roots \$5.00, Plants \$2.50**EAGLE ROCK GEM (Broomall)***Cactus*

Maize yellow shaded orient pink, this is certainly the finest shaped strong stemmed Cactus Dahlia yet produced. The habit is good, the flowers always standing perfectly erect.

Roots \$5.00, Plants \$2.50**EAGLE ROCK WONDER***(Broomall)**Semi-Cactus*

An exceedingly large and splendid bloomer. The color is orange shading to orange buff. Splendid stem. Has won for the largest bloom in many shows the past season.

Plants only, \$10.00**EDNA FERBER (F. & M.)***Semi-Cactus*

Glistening coral, shading to old rose. A splendid Dahlia with good stems and foliage.

Roots \$2.00, Plants \$1.00**EDWARD THOMAS BEDFORD***(Brock)**Formal Decorative*

This is a very large deep purple, produced on ideal stems. It is a strong, vigorous grower and makes a large spreading bush.

Roots \$7.50, Plants \$3.75**ELITE GLORY (Kennedy)***Formal Decorative*

One of the best giant reds. A truly spectacular Dahlia. Good stems and foliage.

Roots \$1.75, Plants \$1.00**ELKRIDGE (Griffith)***Formal Decorative*

Large white flowers, borne on perfect stems. It is a vigorous grower and the flowers are produced in great freedom.

Roots \$1.00, Plants 50c.**ELIZA L. SHEPARD (Peacock)***Informal Decorative*

A beautiful flower of bright golden orange apricot, evenly blended. The flowers are large and produced on splendid stems.

Roots \$10.00, Plants \$5.00**EMMA MARIE (Dahliadel)***Semi-Cactus*

A delightful combination of light pink and white.

Roots 75c., Plants 50c.**ESPLENDOR (Mastick)***Semi-Cactus*

A seedling from the popular Ambassador which it resembles in color only being much deeper in tone throughout the whole flower. It is a good grower and has stiff, upright stems.

Plants only, \$2.00**FARNCOT (Fraser)***Cactus*

This pretty Cactus variety is always much admired. In color it is Aster purple tipped white. The stems are perfect and is a free bloomer.

Roots \$1.00, Plants 50c.**FORT MONMOUTH (Kemp)***Informal Decorative*

One of the giants of the Dahlia world. The color is a rich crimson maroon with a brightness unusual in the darker tones, and just a faint tinge of bluish violet at tips of petals. Flowers are borne on long, stiff stems high above the foliage.

Roots \$5.00, Plants \$2.50

FORT WASHINGTON

(Rindfleisch)

Formal Decorative

Flowers very large, seldom seen under 10 inches. It is a deep maroon in color and the large flowers are borne on very stiff stems.

Roots \$2.00, Plants \$1.00**F. W. FELLOWS** (Stredwick)*Incurved Cactus*

Still a great favorite. The color is a lively orange scarlet.

Roots 75c., Plants 50c.**F. W. BUTLER** (Bessie Boston)*Informal Decorative*

A very large flower commanding immediate attention. Produced on splendid stems. Early; the color is gold heavily overlaid with a dull brownish red. Later they are golden orange.

Plants only, \$10.00**F. J. MARCH** (Bessie Boston)*Semi-Cactus*

This is one of the best from California the past season. The color is a beautiful silvery lavender. It is a very free bloomer and the stems are very good.

Plants only, \$10.00**GOODNIGHT** (Broomall)*Informal Decorative*

This is one of the best of the new Broom-all varieties. It was admired in my show garden the past year. It is a medium grower in height, but the dark crimson flowers are massive.

Roots \$7.50, Plants \$3.75**GOLD IMPERIAL** (Hall)*Formal Decorative*

The flowers are of a rich gold color with just a tint of lavender on the reverse. The flowers are large and deep with high centers. Strong, vigorous grower with good stems.

Roots \$7.50, Plants \$3.75**GOVERNOR LARSON** (Hall)*Formal Decorative*

This Dahlia has been admired the past season. In color it is a clear golden yellow with a slight apricot blush on reverse. On opening it reminds one of the color of the Claudius Pernet Rose.

Roots \$7.50, Plants \$3.75**HARRY MAYER** (Seltsam)*Formal Decorative*

Pale rosaline purple. A splendid grower with excellent stems and foliage.

Roots \$2.00, Plants \$1.00**HARRY STRUTT** (Stredwick)*Cactus*

A real English Cactus of the incurved type on a good stem. Color, rich deep crimson scarlet.

Roots \$1.00, Plants 50c.**HELEN IVINS** (F. & M.)*Formal Decorative*

A beautiful orchid lavender Decorative that was much admired the past season. The flowers are large and deep and borne on splendid stems.

Roots \$5.00, Plants \$2.50**IDA PERKINS** (Perkins)*Formal Decorative*

This is a clear white that has few superiors as a cut flowers. The flowers are large and well formed of good substance on good stems.

Roots \$3.00, Plants \$1.50**JANE COWL** (Downs)*Informal Decorative*

A large flower of a warm buff and old gold, blending to a bright salmon at the center. The giant flowers are held aloft on rigid stems. A superb Dahlia in every way.

Roots \$3.00, Plants \$1.50**KATHLEEN NORRIS** (F. & M.)*Informal Decorative*

A bloom of gigantic proportions. We believe we can conscientiously state it is the greatest pink Decorative Dahlia in commerce today. Color a true rose pink, later deepening to mallow pink, but paler in the young central petals. Broad, overlapping petals with twisted ends, filled to the center. Foliage dark green and leathery. Great bloomer and excellent keeper.

Roots \$10.00, Plants \$5.00**KING MIDAS** (Peacock)*Informal Decorative*

This is a rich golden yellow. The flowers are large and freely produced on good stems.

Roots \$7.50, Plants \$3.75

Roots \$10.00, Plants \$5.00

META SCAMMEL
(Blue Ribbon Gardens)
Informal Decorative

This variety classed as a Hybrid Cactus last year is nearer a Decorative in our estimation. The flowers are large, pale amaranth pink in color and twist at the ends, which gives the flower a pleasing formation. The stems are good and the flowers are produced very freely.

Roots \$5.00, Plants \$2.50

MINNIE EASTMAN (Eastman)
Semi-Cactus

This is a splendid variety. Color is a flame with an undershading of yellow.

Roots \$5.00, Plants \$2.50

MISS LONGVIEW (Mastick)
Informal Decorative

Described by the introducer as a Hybrid Cactus, but we really think it belongs in the informal Decorative class. It is a bright canary yellow with a jasper red reverse, giving to the flower a soft salmon tone. Large and produced on splendid stems.

THE WORLD (Dahliadel)

Formal Decorative

The color of this variety is a rich deep rosy magenta overlaid garnet and with silver shadings on the edges of the petals. The stems are perfect. Foliage heavy and resistant to insects. A splendid thrifty grower and admired very much the past year.

Roots \$5.00, Plants \$2.50

THOS. EDISON (Dahliadel)*Formal Decorative*

This is a very dark purple variety. A strong, robust grower of medium height; has dark green, leathery foliage which does not seem to be attacked by insects. The stems are cane-like and the large flowers are freely produced.

Roots \$10.00, Plants \$5.00**TOM HAY** (Stredwick)*Formal Decorative*

This is a large, well formed Decorative of a pleasing shade of lavender pink. It is a strong, sturdy grower. The stems are not very long and do not make a good cut flower, but as a garden and exhibition variety it is excellent.

Roots \$2.50, Plants \$1.25**TREASURE ISLAND** (Dahliadel)*Formal Decorative*

This is one of the brightest and best of the Autumn shades. The color being bright apricot with gold and rose suffusion. The habit of the plant is ideal, being strong and vigorous and the stems perfect.

Roots \$5.00, Plants \$2.50**VIOLET WONDER** (Kemp)*Formal Decorative*

The best violet colored Dahlia to date. The predominating color is a rich, naphthaline violet with an underlying tone of royal purple. Reverse is bluish violet. Flowers are as nearly perfect as possible, true decorative and of massive proportions and are borne on long, stiff stems that hold the flowers upright above the foliage.

Roots \$5.00, Plants \$2.50**TRENTONIAN** (F. & M.)*Formal Decorative*

Beautifully formed flowers in rich brown tones. Splendid stems and fine foliage.

Roots 75c., Plants 50c.**WALDHEIM SUNSHINE**

(Peacock)

Informal Decorative

This giant Dahlia is one of the very best Hybrid Decoratives. A true, deep yellow that will show up yellow under artificial light. BOOK on DAHLIA CULTURE

By W. H. WAITE

A book full of practical information, suitable for the amateur
as well as the professional

SECOND EDITION, PRICE \$1.65 PREPAID

The Florists Exchange and Horticultural Trade World gives it the following
review:

THE LITTLE BOOK OF MODERN DAHLIA CULTURE

This is unquestionably one of the best and most original of "The Little Book Series." Written by W. H. Waite, one of the most successful of Dahlia raisers in the East, it is notable for its straightforwardness and readable style. Beyond utilizing some previously published information on the chemistry of soils, which is acknowledged, this little volume is the result of Mr. Waite's practical experience. Moreover, while disclaiming any ability as a penman, he demonstrates that he can write entertainingly on an old subject and, at the same time, hand out information that is not generally known. Mr. Waite follows nothing and nobody; he expounds his views clearly and emphatically, not hesitating to directly oppose statements made by others. It is particularly refreshing to read his views regarding propagation from cuttings; incidentally, we have never seen the advocates of split roots come out with such a clear cut exposition of facts as does Mr. Waite for green plants.

The little book under notice, like all others of "The Little Book Series," is well bound in green cloth; it contains 126 pages including the pages at the back for record keeping, and is freely illustrated with splendid halftones, all from photographs taken by Mr. Waite.

Waite's Dahlia Food

This is the fertilizer we have been using for the past few years. It is a specially prepared and blended food, to give maximum results in the production of fine flowers and good tubers.

Directions for Use. Spread broadcast when preparing the ground in the Spring at the rate of 100 lbs. to 1000 square feet and cultivate in. When plants are about 1 foot high, broadcast at the rate of 50 lbs. to 1000 square feet and cultivate in. When plants are coming into bud, broadcast at the rate of 50 lbs. to 1000 square feet, rake and water it in.

Price: \$6.00 per 100-lb. bag, \$55.00 per ½ ton, \$100.00 per ton.

F. O. B. factory at Long Branch, N. J.

-Agripax

The Ideal Insecticide. Used extensively by Commercial Growers Controls White Fly, Mealy Bug, Dahlia and other Leaf Hoppers, Green Fly, Red Spider, Aphis, and many other insects, including Japanese and Bean Beetles. Especially safe where there are children, because it is non-poisonous. Will not burn or discolor. Economical. Dilutes heavily. Mixes easily.

1 quart \$1.00, 1 gallon \$3.75, 5 gallons \$15.00

California Redwood Dahlia Stakes

We have been using Redwood stakes for some years and find them very durable, and we can supply them in the following size: 1¼ x 1¼ in. x 6 ft. in bundles of 25, F.O.B. Eatontown, at **\$4.00 per bundle** or **\$15.00 per 100 stakes**. These stakes are pointed on one end and smoothly surfaced on four sides.

Hybrid Delphinium

Perennial Larkspur

There are few hardy perennials that have the charm of the Delphinium, varying in color from the palest sky blue to the deepest indigo and in height from 3 to 8 feet.

They are not fastidious in their culture, succeeding in most well tilled soils.

To obtain the best results, plant them in well enriched soil and give plenty of water during the growing season.

To get immediate results, strong, 1-year-old field grown plants should be used, as they possess all of their initial vigor. They should be planted in the Fall or very early Spring, just as soon as the frost is out of the ground.

We have been collecting Delphiniums for a number of years, having purchased stock from all of the specialists, both at home and abroad, and from all of the various strains we have selected the very best, and we now have to offer a fine lot of specially selected, field grown plants that are sure to satisfy all lovers of this fine, hardy flower.

Strong, field grown plants,
75c. each, \$8.00 per doz.,
\$50.00 per 100

Pot-Grown Delphiniums

We are also offering for Spring delivery only, strong, pot-grown plants of the Wrexham strain of Delphiniums. These plants are grown from the very best imported English seed and are the same that we will be using for our own planting. To those who have had difficulty in germinating the seed of this wonderful strain of Delphinium this is an opportunity to get these young unflowered plants, and thus get the initial benefit from them. These plants will all bloom from August until frost, giving spikes from 3 feet to 4 feet in height and the following year they will be at their best. Plants carefully packed and guaranteed to arrive safely. \$6.00 per doz., \$40.00 per 100

Delphinium Seed

We are often asked if we can supply seed of Delphiniums. So we have imported from England some of the best of the Wrexham strain. If this seed is sown any time before April the plants will all bloom before frost. This seed is mixed, but selected from the best named varieties. **Price: \$1.00 per packet of 100 seeds; 6 packets for \$5.00.**

Superb Gladiolus

These grand flowers still maintain their leadership among Summer flowering bulbs. And they have not yet reached perfection, for year after year, new and improved types are being introduced, showing larger flowers and novel shades, that are replacing rapidly the older sorts.

Gladiolus are easily grown, blooms can be had over a long period by planting them from April until July. The Primulinus varieties usually bloom, with favorable weather, in 60 days and the large flowering sorts from 70 to 100 days. Planting about 4 inches deep will suit the average conditions.

Hardy Garden Lilies

The Lilies listed below are for Spring planting and should be planted by June 1st. Bulbs should be planted 6 inches deep except where noted. Lilies do best in the hardy border or among shrubbery, because the flowering stems bear masses of roots immediately below the ground surface, and the shady situation helps protect these feeding roots from the hot sun. Lilies thrive in any well drained garden soil where the ground does not become water logged, but do not want to come in contact with fresh manure.

Auratum (The Gold-banded Lily of Japan). Delicate ivory white color, thickly studded with chocolate, crimson spots and striped through the center with a golden yellow band. Should be planted 8 to 10 in. deep in sunny or partly shaded situation. Does best where lime is not in soil. Flowers July-August.

Extra Size Bulbs, 11 to 13. Each 60c., doz. \$5.00, 100 \$50.00.

Mammoth Size Bulbs, 9 to 11. Each 50c., doz. \$5.00, 100 \$40.00.

Batemanniae. Grows 3 ft. with five to ten flowers of reddish orange color. Blooms in July or August. Extra Size Bulbs. Each 40c., doz. \$4.00, 100 \$30.00.

Canadense. A very beautiful native Lily. Flowers vary in color, red and yellow, 3 to 5 ft. high. Blooms June and July. Prefers peaty soil. Extra Size Bulbs. Each 20c., doz. \$2.00, 100 \$16.00.

Crocium (The Orange Lily). Stem rooting, plant 5 in. deep. Flowers June and July. Endures lime. Robust grower. An excellent variety for town gardens. Each 50c., doz. \$5.00, 100 \$38.00.

Dauricum. Flowers reddish yellow. Height 2 to 3 ft. Does well in any good garden soil. Flowers in June and July. Each 50c., doz. \$5.00, 100 \$38.00.

LILIUM AURATUM
The Gold-banded Lily of Japan

Elegans, Mixed. Various shades of buff, orange and red. 1½ to 2 ft. high. June-July. Does best in light soil. Endures lime. Each 30c., doz. \$3.00, 100 \$22.00.
